Dear SOCHi Students and Recent Graduates,

Under the CARES Act, the Department of Education has allocated emergency financial aid grants for each school to distribute to students directly for the hardships they may be experiencing related to any disruptions due to the pandemic (including eligible expenses under a student's cost of attendance, such as food, housing, course materials, technology, health care and childcare). The Department of Education disbursed these grants directly to the institution and we have passed on the full amount of this student emergency aid to each currently enrolled student or recent graduate who did not receive an earlier disbursement of emergency funds this time last year. These checks are available from the administrative offices starting Friday, June 10 at noon until 4pm and next Monday and Tuesday 11am - 2pm. You will need to sign to receive your check in person. After Tuesday, the remainder of the checks for this emergency grant will be mailed to the address you have provided to the school. If you need to update your mailing address, please send an email to addresschange@sochi.edu so that a correction can be made and we can insure you receive this disbursement.

We appreciate your patience and understanding as we process these payments.

Sincerely,

SOCHi Administration
Jessica L. Kallio, D.C.
